COX QUOTES FROM OFFICIAL BULLETIN ISSUED BY UPHAM

Just Learning What Every Republican Already Knew

SAYS HARKING BACK TO DAYS OF MARK HANNA

PITTSBURGH, Aug. 26.—Information to support his charges that a Republican campaign fund exceeding $15,000,000 was being raised "in a conspiracy to buy the presidency" was presented by Governor Cox in addressing a public meeting here tonight.

His data consisted almost entirely of matter taken from the "Official Bulletin" of Fred W. Upham of Chicago, treasurer of the Republican National committee, but his chief exhibit was a typewritten list purporting to show Republican campaign quotas imposed on 51 principal cities in 27 states and aggregating $8,-145,000. Names of local subscribers, Governor Cox said, were ordered kept secret. These quotas, given as $2,000,000 for New York City, $750,000 for Chicago, $500,000 for Philadelphia and ranging down to $25,000 for smaller cities like Albany, New York, and Atlanta, Ga., were said by Governor Cox to have been announced about the middle of July.

Says Harding Knew

That Senator Harding "was acquainted with the details" of the quota plan and that it was approved by Will H. Hays, chairman of the Republican national committee was charged by Governor Cox. From subsequent issues of the "Official Bulletin" Governor Cox quoted many reports from Republican workers thruout the country reporting going "on over the top" and in excess of the alleged quotas.

Announcement of the $8,145,000 metropolitan quotas, Governor Cox said, was made by David H. Blair, assistant to Treasurer Upham. A meeting was held in Chicago, Governor Cox said, at which Chairman Hays "spoke his blessings."

The governor charged that the typewriten sheets bearing the 51 cities' quotas were "distributed to those assembled" and he produced one of the alleged quota lists, but did not state how or where it was acquired. The quota plan, he said, was carried out like that of the liberty loan campaign.

That the reputed attempt to raise $8,145,000 from 51 cities in 27 states is fair evidence that the total national fund will be much larger, was declared by Governor Cox, who said big business men were prominent on the Republican ways and means committee and that the raising of funds was on a business "salesmanship" basis.

Governor Cox also quoted from statements in the Republican Official Bulletin that the state and county organizations were not to be "disturbed or retarded in their activities."

Multiplies Upham's Figures

Calling attention to Chairman Hays' statement that $3,000,000 was being raised, Governor Cox said today's papers carried a statement from Treasurer Upham that the Republican total would be about $7,500,000.

"From the evidence which we shall submit," Governor Cox added, "I think you will agree we are justified in multiplying Mr. Upham's figures by two."

Gov. Cox, standing staunchly by his charges that an attempt to purchase the presidency was being made, declared "the senatorial oligarchy and their friends are harking back to the days of Mark Hanna," stating that in the 1896 campaign which Mr. Hanna managed, $16,500,000 was spent.

"It was this foul thing," said Governor Cox, "which Theodore Roosevelt brought to an end when he reformed the Republican party. When he was doing it, Warren G. Harding branded him as an Aaron Burr."

"I charge again an assault of the electorate," said Governor Cox.

"It can't be hidden; the hosts are marshalled; the money ammunition is prepared, but it will not succeed. The net is spread in sight of the quarry. What is the game except to becloud the public mind on the subject of the league of nations issue and world peace."

On the question of keeping secret all local subscriptions Governor Cox quoted from the official bulletin of August 16, as follows:

"The names of amounst subscribed by local donor should not be made public locally.'

"I hereby give it wide and non-exclusive publicity," Governor Cox continued, "but why was the publication to be only the organization of the secret society? Why were the names of local contributors not to be made known? Was it because each contribution would carry its own meaning to the voters in the local communities? Or, if secrecy were guaranteed in the communities, were Mr. Hays and Mr. Upham to do the same thing in submitting their returns on box offices reecipts? Certainly there is some reason. What is it? The public is entitled to know. If Mr. Hays and Mr. Upham do not come forward with the information the Republican national committee ought to remove them both and insist upon a clean bill of health. Furthermore there should be some explanation of this being made purely a business affair, participated in by business men and business men only. Unexplained, it carries its own condemnation and exposes the purpose of the whole shameful business. It means that the quota is to be assessed against those who are to benefit and that the captains of industry who have answered Mr. Hays' roll call are submitting to taxation with the understanding that they will have representation.'

The quota plan, Governor Cox charged was approved by Chairman Hays and Treasurer Upham and also he added, received endorsement from higher sources.

NEW SCHEDULE OF WAGES IN ILLINOIS ACCEPTED BY MINERS

Receive Increase of $1.50 Per Day—Had Asked for $2.00

PRICE TO CONSUMERS WILL NOT BE RAISED

CHICAGO, Aug. 26. — Coal mine employes of Illinois who work by the day will receive an increase in wages of $1.50 a day, retoactive to August 16. Formal acceptance of the increase was made today by sixteen men representing the operators and miners. The workers asked for an increase of $2 a day, but both sides of the controversy said they were satisfied. The old rate allowed day men $6 for eight hours. They will will now receive $7.50. The rates for tonnage men will remain at from $10 to $12 for eight hours. A commission was appointed to tudy the duties of a tonnage man who is regarded as a skilled worker, E. C. Searls, of the operators said.

Hoisting engineers under the new rate, will receive better than $45 a week while mule drivers will receive $7.50 a day, without overtime, operators said.

Strike Penalty Remains.

The strike penalty remains in the contract, Frank Farrington, president of the mine workers of Illinois said. The penalty, however, has been modified, he said and more modification will be made.

The price of coal to private consumers will not be raised, Mr. Searls said, but large industries and manufacturing plants that use soft coal may expect a slight increase to absorb the wage increase. This provision already exists in the contracts Mr. Searls said and the increase in that case would date back to August 16 when the wage increase became effective.

WAGON COAL MINES NOT TO GET CARS

Will Not Be Provided With Open Top Cars Where There is No Elevator or Tipple — Affects About 3,000 Mines.

Washington, Aug. 26.—The interstate commerce commission ordered today that wagon mines be not provided with open top coal cars unless such mines are equipped with either elevator or a tipple from which to load the cars.

The commission said the order resulted from undue delay and wasteful use of equipment which "aggravates the existing shortage and when such wagon mines are not in position to load cars upon private tracks."

The order becomes effective at once and remains in operation until next April 1st. Of 7500 coal mines, about 3,000, all of the wagon type, will be affected. It was explained, however, the order does not prevent such mines making shipments of coal in box cars even tho not provided with elevators or tipples. When so provided wagon mines will be given an allotment of cars based upon the same classification as used in car allotment, for regular railroad mines.

SHOOTING AND INCENDIARISM MARK RIOTING

Belfast is Again the Scene of Serious Rioting

RIOTERS BURN AND LOOT BUILDINGS

BELFAST, Aug. 26.—(By The Associated Press) — Serious rioting broke out in Belfast tonight during which there was considerable shooting and some incendiarism.

A number of wounded persons were taken to hospitals.

Tonight's rioting began in the Falls district of West Belfast. Albert street in the populous mill locality mainly inhabited by Nationalists, became the new storm center. An armored car appeared and fired on the rioters, a number of whom were taken to hospitals suffering from machine gun wounds. Crowds of shipyard workers appeared waving Union Jacks.

The military was summoned for an incendiary at the foot of Seafort street.

The whole block of buildings soon was a mass of flames. There was much looting.

Belfast Could Be No Worse

"Belfast could be no worse," was the description given by police officials of the conditions tonight.

At 8 o'clock the riots had extended to Grosvenor Road. The military was obliged to disperse the rioters.

Rioting of the fiercest nature began at the city end of Bally Macarrett about 6 p. m., in Vulcan street and vicinity. Many were injured. Later the trouble extended to Newtonards, ten miles from Belfast involving the ship yards workers.

Rioting which broke out here today originated in a report that Nationalists yesterday stoned children leaving the Comber street national school at Bally MacCarrat, a Belfast suburb. Robert Caldwell, principal, denied the report, but it was believed by both sides and acted like matches to tinder.

As the report spread, mothers flew to the scene and excitement already inflamed by the Lisburn event, rose to fever heat.

Raid in Motor Cars

Omagh, Ireland, Aug. 26. — While a fair was in progress at Drumquin today, a party of Sinn Feiners dashed thru in motor cars and opened fire on a small force of police wounding two of the men, one of whom died.

The raiding party then turned its attention to barracks, which the remainder of the police defended. After a long and futile siege, the Sinn Feiners departed. A large military force was despatched to the scene.

OVERSEAS VET RUN OVER BY TRAIN

AURORA, Ill., Aug. 26.—W. R. Buckley, 24, an overseas veteran who came to Aurora from Waukesha, Wis., several weeks ago and went to work for the Burlington railroad as a brakeman fell from the top of a car at Shabbona, Ill., yesterday afternon and was cut in two, dying almost instantly. Buckley was a buddy in France of John Corcoran of Aurora and but a week ago Sunday, dropped in at Corcoran's home to renew old ties. Tonight his body will be brought to Corcoran's undertaking establishment from where it will be shipped to Buckley's home in Waukesha. The accident at Shabbona happened, it is said, when the engine started taking up slack in the train.

EX-SOLDIER ARRESTED FOR SELLING WHISKEY

SPRINGFIELD, Ill., Aug. 26.—Herman L. Shepperd, of Roodhouse, who lost a leg at Chateau Thierry was arrested by the United States marshal here today on a charge of impersonating a United States officer, and of selling whiskey. He wore a star marked "Chicken Inspector, No. 23," and carried a loaded revolver. He declared he didn't remember impersonating an officer but that if he had, he was right as he was still "in the pay of Uncle Sam.' His quart bottle was confiscated and he was held for further investigation.

HAYS HAD NO COMMENT TO MAKE

New York, Aug. 26.—After reading Governor Cox's Pittsburgh speech, Will H. Hays, chairman of the Republican national committee said he had no comment to make.

Mr. Hays said his statement earlier in the day referring to the "utter falsity" of Governor Cox's charges, was all the reply needed at present.

ATTEMPT TO HOLD UP PAYMASTER FRUSTRATED

Chicago, Aug. 26.—A plot to hold up the pasmaster of Nilson and Co., packers, and steal the $40,000 payroll, was frustrated today when police, who had received an anonymous tip seized three armed men as they accosted the messenger.

FEDERAL RESERVE BOARD SAYS PRICES WILL FALL

WASHINGTON, Aug. 26.—(By The Associated Press.)—Marked indications that living costs apparently have started on their long awaited fall was said by the federal reserve board today to be contained in its latest reports.

An "important downward tendency' in prices of all commodities excepting food is evidenced in all parts of the country, the board stated, adding that a sharp reduction in the price of raw products, even forecast lower fod prices. The board said there had been a "pronounced checking" of speculation as well as a definite altho slight increase in general efficiency and an equally positive yet limited curtailment of extravagant expenditure and unnecessary borrowing.

The board's reports reveal that within the last two months prices changes have been marked in all basic raw products, accompanied generally by a corresponding drop of retail prices on clothing and shoes and several other staples.

A "depressed situation" was said to exist in the leather and shoe industry. Shoe manufacturers are slow in placing orders with leather dealers with the result that prices on raw materials have suffered a heav decline.

The break in the silk market and subsequent falling of retail prices of that textile was attributed to speculative activity in Japan.

Lower prices on cotton and cotton products were forecast because of an expected heavy crop combined with a slowing up of demand.

In addition the board forsees a generally high efficiency by labor in industrial production and an improved transportation service.

APPEAL TO KING FOR LORD MAYOR WITHOUT AUTHORITY

Father Dominic Says Howard Acted Without Authority

MARY M'SWEENEY REPLIES TO PREMIER

LONDON, Aug. 26.—Father Dominic, interviewed regarding Redmond Howard's appeal to the king in behalf of the Lord Mayor of Cork, said Mr. Howard acted without authority for the Irish Republican party which he declared did not agree that murders were being committed in Ireland.

Mary MacSweeney, the lord mayor's sister, today replied to the telegram from Premier Lloyd George. She said:

"I make no appeal to you for exceptional treatment for my brother. I warned you of your responsibility in event of his death. He and his comrades demand their freedom as a right.

"If my brother or any of his comrodes must die to win that freedom, they do so willingly and we are proud of them, but their death lies on you and your government."

BEVERIDGE ADDRESSED BAR ASSOCIATION

ST. LOUIS, Aug. 26.—The principles on which the United States government is founded are threatened by repressive legislation tending to destroy freedom, former Senator Beveridge, of Indiana, declared before the convention of the American Bar Association tonight.

He interpreted these fundamentals as freedom of speech, press and assemblage, security from search and seizure without warrant and the safe guards which due process of law throws about life, liberty and property.

The danger arises from the espionage act and its later amendment which are still on the statute books, he explained.

GERMAN NATIONALISTS STORM CONSULATES

LONDON, Aug. 27.—During a demonstration in Breslau by the Old Bourgeois parties, Thursday evening against the Polish agitation in Upper Silesia a crowd of German nationalists stormed the Polish and French consulates and destroyed the records and demolished teh furniture says a Berlin despatch to the London Times.

Another crowd entered two hotels where officers of the interalled commission were living and threw their papers into the street.

Later there was a demonstration against the eastern Jews who fled Breslau, says the despatch.

NO DEVELOPMENTS IN MacSWEENEY CASE

LONDON, Aug. 26—There were no further developments in the MacSweeney case to3night. It is stated the king, thrur his secretary consulted with the responsible minister but that the policy of the government remains unchanged.

Extra large forces of police cordoned Brixton prison tonight. Relatives visited the mayor this evening and found his condition without change.

Redmond Howard sent another appeal to the king, complaining that the home secretary had refused to see him.

SUITS FILED AGAINST FRANKLIN COUNTY

eBnton, Ill., Aug. 26.—Suits aggregating approximately $30,-000 were filed against Franklin county in the circuit court here today by 14 persons who alleged personal damage and loss of property in the recent anti-Italian demonstrations at West Frankfort. Among the plaintiffs is Maria Carrara whose huband, Louis, was killed by a mob during the demonstrations.

WILL DECIDE ON CONTINUANCE OF NEGOTIATIONS

Poles and Russians Continue to Talk About Old Times

REDS ACCUSE POLES OF DELAYING CONFERENCE

LONDON, Aug. 27.—The next meeting of the soviet Polish peace conference will decide whether the negotiations shall proceed, says a despatch from Minsk to the Daily Herald, dated last Tuesday.

"The Bolshevik military situation is more favorable," it adds, "and this may be reflected in the attitude of the Polish delegation which is believed to be sharply divided, with a small majority for peace. It is believed the Bolsheviki cavalry which was nearly cut off in the vicinity of Mlawa is now out of danger.

"The Poles, believing the Russians surrounded, demanded their surrender, but the Russians replied with a counter-attack and even took 1,000 prisoners. They are now nearing the Russian line which is straightened and consolidated behind Bialystok, Brest-Litovsk and Cholm."

Are Delaying Conference

Minsk, Aug. 26.—(By Wireless to Moscow).—By the Associated Press.—There was no meeting of the Soviet-Polish conference today due, the Poles said, to the fact they had not heard from Warsaw regarding Ukrainia.

The soviet delegates, protested charging that the Poles were delaying the conference. This they asserted was significent with the Polish army occupying Brest-Litovsk.

The protest added that despite the fact that the Poles were maintaining they could not communicate with Warsaw thru their own wireless, their station continued to receive daily the communique of the Polish general staff reporting Polish military successes.

PROCLAMATION BY GOVERNOR LOWDEN

SPRINGFIELD, Ill., Aug. 26.—Governor Frank O. Lowden today issued a proclamation setting aside October 9 as fire prevention day and urging that the enormous unnecessary fire losses be brought before the people of the state on that day. The proclamation in part follows:

"Therefore, I, Frank O. Lowden, governor of Illinois do hereby proclaim Saturday, the ninth day of October, 1920 as fire prevention day, urging that this day be made the ocasion thruout the state of bringing to our citizens the meaning of this enormous unnecessary destruction of life and property, and the necessity of reducing it."

FAILS TO SWIM ENGLISH CHANNEL

Dover, Eng., Aug. 26.—Another attempt by Henry Sullivan of Lowell, Mass., to swim the English channel from Dover to Calais has failed. Sullivan started last night at 8:40 o'clock and was in the water 18 hours. Owing to the rough sea he was forced to abandon his attempt when only three miles off the French coast. In 1913 Sullivan swam to within six miles or France starting from Dover.

TO EAT WATERMELON BEFORE HE DIES

Ossining, N. Y., Aug. 26.—The largest watermelon obtainable on the local market will feature the last dinner of Frank Kelley, negro murdered, known to the police from coast to coast, who is condemned to die tonight in the electric chair at Sing Sing prison. Still hopeful of a reprieve Kelley ordered i naddition to the melon, roast chicken, French fried potatoes, coffee, biscuits and milk.

Kelley was convicted of slaying Catherine Dunn, a house maid, in Brooklyn last Christmas.

FARMER'S ASSOCIATION ELECTED OFFICERS

Sedalia, Mo., Aug. 26.—Springfield was chosen as the 1921 convention by the Missouri Farmers' association which closed its third annual convention here today. Officers elected were: M. J. Ball of Montgomerey City, president; D. M. Gause, Buffalo, vice-president; E. W. Schwengerth, of Mayview, treasurer.

NO CEREMONY MARKED SIGNING OF SUFFRAGE BILL

Colby Signs Measure at His Home Thursday Morning

BRASS BAND TACTICS AVOIDED

WASHINGTON, Aug 26—Without pomp or ceremony, Secretary Colby today signed the proclamation declaring the woman suffrage amendment a part of the constitution of the United States.

The Secretary's signature was affixed at his home at 8 o'clock this morning a few hours after he had received from Governor Roberts of Tennessee, the certificate that final favorable action on the amendment had been taken by the legislature of that state, completing the required 36.

The quiet mnner in which Mr. Colby acted was a disappointment to some suffrage workers, who had hoped to make a ceremony of his act, but they contended themselves with their own jubilation ceremonies, including a mass meeting here tonight. They united in statements that with the secretary's action nothing now can be done to prevent the woment from voting in November.

A desire to avoid the limelight and to prevent arousing a feeling among suffrage workers as to whom should be present, prompted the quiet setting for the signing.

Holds Celebration.

The celebration tonight at a downtown theater was given under the auspices of the national league of women voters. Mrs. Carrie Chapman Catt told of the fight for the amendment, while President Wilson sent his greetings to the new voters and Secretary Colby also addressed the meeting.

President Wilson Gratified.

President Wilson sent to the mass meeting of women tonight an expression of his gratification at the enactment of equal suffrage.. His message was delivered by Secretary Colby the only male speaker.

"Will you take the opportunity that will be afforded you," he quoted the president as saying "to say that I deem it one of the greatest honors of my life that this great event should have occurred during my administration."

Mrs. Catt's description of the fight in the different legislatures and especially in that of Tennessee was given with much earnestness, some sarcasm and touch of bitterness. She charged the unscrupulous use of unfair methods especially in Tennessee. One of the stories related was that of a systematic effort to wear out one legislator by calling him on the telephone every half hour day and night for three days in order that when the time for decision came he might be so worn and nervous that he would be more pliable in the hands of those who would have him vote "no.'

Mrs. Catt refrained from identifying those behind the opposition but intimated the railways, the textile mills and the labor interests were involved.

TWO NEGROES DIE IN ELECTRIC CHAIR

OSSINNING, N. Y., Aug. 26 — Two convicted murderers, John Egan, and Frank Kelly, a negro, were put to death in the electric chair at Sing Sing prison tonight.

Egan, a one-legged man, was convicted of killing Louis Klein, clerk in a Bronx cigar store. Kelley killed Catharine Dunn, a housemaid who sought to prevent him from robbing her employers residence in Brooklyn.

Kelley was smoking a big black cigar as he crossed the threshold of the death chamber and continued to puff on it untfl the guards strapped his arms to the death hair.

Kelley confessed tonight that it was he who committed the crime for which another man is now serving a term in Sing Sing prison.

LIONESS TEARS SCALP OF 11 YEAR OLD BOY

BEACH, N. D., Aug. 26.—Harold Eide, 11 of this city had his scalp nearly torn from his head and his body horribly cut by the claws of a lioness at a carnival today. More than fifty stitches were taken. He is expected to recover.

Harold crawled under the animal tent while attendants were at lunch. He got too close to the cage and the lion reached out and while holding with the one paw, clawed him with the other. Two shots were fired at the lioness before she released her hold.

KANSAS MINERS WANT SAME PAY AS ILLINOIS

Pittsburg, Kan., Aug. 26. — Kansas miners will demand the same increase of the operators at the joint conference to be held in Kansas City, Monday, as was agreed upon by the Illinois miners and operators, Alexander M. Howat, president of District No. 14, said tonight.

OFFICERS SAY THAT HEAVY FIGHTING IS VIRTUALLY ENDED

Opinion Was That No Further Pitched Battles are Likely

WHERE WILL THE POLISH ARMY HALT?

PARIS, Aug. 26.—(By The Associated Press.) — At Marshal Foch's headquarters today, staff officers agreed that the "campaign og Poland" is virtually ended as far as heavy fighting and maneuvering is concerned. The opinion was that except for an expected stand by the Bolsheviki before Grodno no further pitched battles ar elikely. The main question was:

"Where will the Polish armies halt and entrench?"

The opinion was that it would be folly for the Polish to place themselves in a state of strategical inferiority by halting within a kilometer of the frontier fixed by the Versailles treaty, especially in the center.

Marshal Foch this morning said:

"General Weygand has proved once more his wonderful faculties and remarkable knowledge of great military questions. Asked whether they had confirmation of a report that General Weygand would be made "marshal of Poland" the officers said they did not know.

Try to Halt Polish Advance

Warsaw, Aug. 26.—(By The Associated Press.)—Fresh Bolshevik forces released from the Finnish frontier have been rushed toward Grodno in an endeavor to head off the Polish advance and if possible rescue thousands of the Red army hemmed in by the Poles, according to tonight's military information.

The Bolsheviki who have escaped the Polis harmies are overrunning the East Prussian frontier. German authorities are sai dto have called out extra border forces to prevent further crossing. It is estimated between 25,-000 and 30,000 Reds have sought refuge in Urussia . At several places the Germans it is asserted fired on the Reds driving them back into Poland.

HUSBAND OF VICTIM HELD AS WITNESS

Frank Schulz Whose Wife Was Found Murdered in New Jersey Held as Witness—Watch Chain Clutched in Dead Woman's Hand.

Grantwood, N. J., Aug. 26.—A man't gold watch chain clutched in the dead hand of 20 year old Mrs. Blanche Schulz—former bur-York car conductor, found slain lesque actress and wife of a New in the woods near the Hudson river yesterday—is being traced to-esnight as the main clue to the newest Palisades murder.

Identification of Mrs. Schulz's body and the formal finding that she probably had been stunned, attacked and then killed by cutting her throat, were developments today.

Frank Schulz, her husband, tonight was ordered held as a material witness after it had been announced there were numerous discrepancies in his statements.

IOWA MINERS FAIL TO PRESENT CLAIMS

DES MOINES, Iowa, Aug. 26.—Iowa miners did not present their wage demands to Iowa operators today as scheduled. J. C. Lewis, president of the mine union, said today that the miners' scale committee had not yet completed its work, and could not make the specific demands which the operators have requested.

The operators at their meeting today named their own scale committee, which will meet the miners Friday to discuss the demands which the miners will make them.

Altho members of the miners committee have insisted that the details of their demands are not yet drawn up they have admitted that the basis of their schedule has been formed by the $7.50 wage award asked in Kansas and Illinois.

PROHI OFFICERS RAID RANDOLPH HOTEL

Chicago, Aug. 26.—Fifteen prohibition agents tonight raided the Randolph Hotel, confiscated five pints of whiskey and arrested Frank Kramer, bar tender and Elias Eschoo, lunch man. Mayor Thompson was entertaining three guests at dinner in the hotel at the time of the raid.

HERRICK TELLS WHAT EUROPE'S STATESMEN THINK

Would Welcome Return of Republicans to Power

WOULD WELCOME HARDING PEACE PLAN

MARION, O., Aug. 26.—Present day opinions of European statesmen on the part this nation should take in the peace settlement were laid before Senator Harding today for his consideration in shaping details of a Republican peace program.

The report was brought by Myron T. Herrick, former ambassador to France who has just returned from a series of conferences with public men of the nations of Western Europe. In a public statement Mr. Herrick said these statesmen now were hoping for a return of the Republican party to power and would welcome the peace settlemnet proposed by Senator Harding.

He also intimated the world court plan now being formulated by Elihu Root and the representatives of European nations would have a large place in the party's program as finally placed before the country.

Discusses League

The league of nations issue also was discussed by the candidate today with Former Senator George Sutherland of Utah, a distinguished lawyer and a close student of international affairs. To both his callers, Senator Harding is understood to have outlined the speech he is to make here Saturday detailing his foreign policy and elaborating on his proposal for a new association of nations to preserve world concord.

That the nation must not hold aloof but must play its proper part in the world's affairs was emphasized by the nominee in a short talk to a group of Marion county school teachers who called on him. He also promised to use his influence for higher school standards and for better pay for teachers.

Mr. Herrick spent most of the day at the Harding home and related in detail the sentiment he had found abroad as a result of the senate's failure to ratify the treaty. He declared the position of the Republican party now was fully understood in Europe while President Wilson had been discredited because the nation had not accepted his peace plan.

"If President Wilson had sent a peace commission of properly equipped delegates," said Mr. Herrick, "and they had made the basis of a sound peace, say, in January of 1919, Europe would have agreed readily. For the tragic failure to accomplish this, the president alone was responsible and all Europe now knows it. I talked with many former statesmen of Europe and I know that this statement reflects their attitude.

"They persistently inquired why we did not submit to them the reservations adopted by the senate. Without exception they insisted if these had been submitted to them, they would instantly have acquiesced in them. I explained time and again that the senate has no channel thru which it can communicate over the head of the president with foreign governments.

Article Ten Inefficient.

"As to the military alliance provided under Article X the Russo-Polish war has been complete proof of its utter inefficacy. England could not send troops because of domestic political conditions; we could not send them; France was not able to do so. At the first test the military alliance proved a complete failure and all the statesmen and publicists of Europe acknowledge the fact.

"The people and the statesmen of western Europe now realize that their hope lies in the return of the Republican party to power. They know that the Republican party has always been the one with vision and understanding of international affairs. They understand that with the Republican party again in power it will be ready and able effectively to co-operate with them to stop the spread of Bolshevism.

"While in Europe I talked among others with Elihu Root. He will be home I think very shortly and I anticipate that his return will be followed by announcement of very important accomplishments that will go far toward clarifying the entire international situation."

TERRIBLE FIRES ARE RAGING IN RUSSIA

STOCKHOLM, Aug. 26—A despatch to the Tidnigen from Helsingfors, Finland, says terrible fires are raging in Russia. Entire towns and villages have been burned. In Vologada province alone five hundred houses have been destroyed and 150 persons have perished.

Tens of thousands of acres of forest lands in the Moscow district are in flames and enormous peat bogs are burning in the government of Vladimir.

The statement that all the residents of one Spanish village plan to come to the U. S. next year is indicative of the vast tide of immigration that is turning toward America. Evidently the losses sustained during the war period are to be made up now unless the U. S. decides upon some restrictive measures. At any rate, there is going to be plenty of work for the Americanization societies.

A Japanese official who is here studying American methods and conditions was surprised to find that a watchman is drawing a salary of $175 a month. In his country $40 a month for similar work is considered good pay. It is easy to understand why American workers vigorously oppose the introduction of many Japanese into the field of U. S. labor.

Another fuel warning has been issued and the people are told that unless more coal is mined that there is going to be a genuine shortage next winter. The people are ready to heed the warning but want to know what they can do about increasing the supply. That's a question that only the United Mine Workers can answer.

Ninety-three fraternal organizations have been holding a conference. The fact that there are so many of these fraternal societies in the U. S. has often been the subject of the joke smiths. But the fact remains that fraternal societies of today do much for the upbuilding of individual character and the betterment of society.

Gov. Cox has sprung his heralded sensation and the details about the $30,000,000 Republican campaign fund. But it is a very disappointing sensation for the candidate seems to have no facts other than those printed in a Republican committee bulletin. Certainly the Republican managers are not issuing their secrets in printed form.

Secy. Emmerson can well claim some credit for the enforcement of the blue sky law in this state. A recent report shows that because of the way this statute has been made effective thru the secretary of state's office, that $190,000,000 worth of securities offered in this state has been turned down. Nearly all of them have been marketed in New York. If the New Yorkers want to spend their money in that way it is not the concern of Illinoisans.

EQUAL SUFFRAGE NOW A FACT

Secretary Colby has given formal notice of the adoption of the 19th amendment and the women of the U. S. are now legal voters.

Judged by the history of attacks on the 18th amendment, any directed against the 19th will fall impotent. A half a dozen different claims of irregularity about the certification of the 19th amendment were filed but without avail, and so the die is cast. All that remains now is to see in what numbers the women of the country will seriously study the political situation and vote in accordance with their own conviction. They have the power to rule this country if they exert it.

OLD PLEDGES AND NEW.

"If you are for peace with economies by reduction in great armaments, support the Governor of Ohio. If you are for war and want expense for armament to continue, vote for the Senator from Ohio."—Gov. Cox, 1920.

"If you are for peace with economies by reduction in great armaments, support President Wilson. If you are for war and want expense for armament to continue, vote for Justice Hughes."—Gov. Cox, 1916, since which time this government has enrolled more soldiers and spent more money for armament under the President Gov. Cox said would preserve peace than in all the history of our government prior to the "he keeps us out of war" campaign.—(The National Republican.)

Rippling Rhymes
By Wait Mason

The Bathing Beach.

I view the heaving ocean, that sighs of sailors' graves, and have no foolish notion of splashing in its waves. For men in bathing garments, when they are old or fat, are silly looking varmints, there is no doubt of that. The human form's a winner when it is neatly drest, when all around one's dinner there is an ample vest; when pants have tailored creases, and coats are trim and neat, men loom up to their nieces as something cute and sweet. But man's no more a dandy, when, from his garments free, on scrawny legs and bandy, he lumbers to the sea. I see fine men and stately go by my punk abode, and I admire them greatly, and frame them in an ode. The linen's nicely laundered, their duds inspire the muse, and money they have squandered for shining of their shoes. I say, "Their sons and daughters must view such dads with pride;" and then, into the waters, I see the fine men slide. They splash among the billows with idiotic glee, and look like cheap gorillows escaped from some musee. I watch fat men, deunuded, go frisking to the sea, and my old tub, secluded, is good enough for me.

FREIGHT MOVED BREAKS RECORD OF 1920.

"Increases in railway operating efficiency have been effected so rapidly within recent weeks," says the Railway Age, "that the railways probably are now moving more freight than they ever moved before at this time of year. The number of cars of freight loaded in the week ending August 7 was the largest of the year 1920. It was 942,150 loads. This was 70,077 carloads more than were moved in the corresponding week of 1919, and only 5,805 carloads, or one-half of one per cent, less than the number moved in the corresponding week of 1918.

"How great has been the improvement in transportation condition since the railways began to recover from the effects of the 'outlaw' strikes, and to make their drive to establish a new standard of efficiency, is indicated by the fact that in the first week of August the number of carloads moved was greater by 154,000, or about 20 per cent, than in the first week in June. The freight loaded in the first week of August in the Southern Central, Western and Southwestern districts was greater than ever before in the corresponding week of any year. There is no reason for doubting that the improvement in operating results which had been gained thruout the country up to the week ended August 7 has been continued up to the present time, and that therefore, as already indicated, the amount of traffic being moved in the country as a whole is now greater than ever before at this time of the year.

Support is given to this view by the statistics regarding the production and transportation of coal. The amount of bituminious coal produced and tranported in the week ended August 14 was the largest of the present year, being 11,728,000 tons. Further support is afforded by the statistics regarding the accumulations of freight cars awaiting movement and those regarding car shortage. The accumulations of freight cars had been reduced on August 13 to 79,213, which is the best record yet reported for the year 1920. The number of deferred car requisitions in the United States—in other words, the so-called 'car shortage'—also showed a reduction in the week ended August 7 to 119,359, after having shown an increase in the preceding week.

"The increase in the amount of traffic being handed, and the reduction of congestion and of car shortage are chiefly attributable to the efforts the railways have been making to increase the average miles moved by each freight car daily.

"The railways are still a long way from having effected the improvement in the efficiency of their operation which they have set out to make. So long, however, as they can show by actual results that they are constantly increasing their efficiency and the amount of business handled they cannot be justly criticised by the public if they do not handle all the business offered to them. Just how much greater will be the improvement effected in operating methods and results will depend not only on the efforts put forth by the railway managements, but also on the co-operation they receive from the public, and especially from the shippers and consignees of freight."

PROF. R. H. LACEY WEDS IN EASTERN CITY

Scranton Republican Gives Account of Recent Marriage of Illinois College Professor and Miss Rose E. Rainey at Tunkhannok, Pa.

Brief mention has already been made of the marriage of Prof. R. H. Lacey of this city and Miss Rose Eliabeth Rainey of Tunkhannock, Pa., which was solemnized on August 21 at the bride's home. The Scranton, (Pa.) Republican in a recent issue gives gives the following account of the wedding, pictures of the bride and groom being used in connection with the story:

Tunkhannock, Pa., Aug. 22.—Miss Rose Elizabeth Rainey, daughter of Rev. and Mrs. James Rainey, of Tunkhannock, and Prof. Raymond Henry Lacey, of Jacksonville, Ill., were married at the Rainey home, corner of Susquehanna street and Maple avenue, at 4 o'clock Saturrday afternoon, the ceremony being performed by the father of the bride who is pastor of the Tunkhannock Baptist church. Only the immediate families of the contracting parties and intimate girl friends of the bride were present.

The wedding was very informal. The bride wore a white georgette gown embroidered with ribbonettte, and a Juliette cap and veil with orange blossoms. She was attended by four flower girls: Ida Rose Rainey, Margaret Rainey, Margaret and Jeanette Lacey. Mrs. Levering Tyson, nee Reba Kittredge, played the wedding march. The decorations were white and yellow.

Miss Rainey enjoys a large acquaintance in this section of the state, her father having been pastor of the Baptist churches at Laceyville, Wyoming county, Aldenville, Wayne county, and Tunkhannock. For a few years she was a teacher of music at Aldenville and from 1911 to 1914 she acted as secretary of the Scranton Y. W. C. A. and since 1914 she has been a teacher in the department of household economics at Bucknell university. Her father was graduated from that institution in 1871.

Dr. Lacey holds the chair of Latin and Greek in Illinois college, Jacksonville, Ill. He has been spending the summer with his mother at his old home in Laceyville, but at the beginning of the school year will return to Jacksonville with his bride.

CONFERENCE ENDS STREET CAR STRIKE

Men Returned to Work Thursday Morning at 11 o'Clock.

The street car strike was settled at a conference held Thursday morning in the office of Supt. Gray. Thomas Worthington and Vincent Riley, representing the directors of the Chautauqua association, met with the men and Mr. Gray. It was soon apparent that all parties were anxious to come to an agreement as speedily as possible in the interest of the public. The continued lack of street car service would imperil the chautauqua success and this was a factor in bringing about the early agreement.

It is understood that the men are to receive $3.50 a day wage, the advance of 50c to be retroactive to August 1. If at the hearing before the utilities commission on Sept. 7 the company is given authority to increase fares then the wage will be $4 a day and this advance also will be retroactive to the first of the present month.

Service was resumed at 11:30 o'clock and cars ran on regular schedule thereafter during the day.

Since advances have been given street car companies in a large number of cities it is entirely likely that the wage question has been permanently settled.

SIMPLE HOME REMEDY ADVISED FOR HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be.

"No matter how distressing or humiliating—

"Its intensity can be reduced to a harmless mildness," says a Kentucky druggist, who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases of Hay and Rose fever reduced to what might be called a Mild Cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack, the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcine in three-quarter-ounce vials is dispensed by all the better pharmacies.

Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

"FINEST ON THE MARKET TODAY" CLAIMS NURSE

Was Advised to Try Trutona Now She is Praising the Perfect Tonic

Springfield, Ill., Aug. 26.—It's the finest medicine on the market today!" That's what Mrs. Marie Woods, a practical nurse, recently stopping at the Collins Hotel in this city, remarked about Trutona, the Perfect Tonic, which is winning the grateful praise of thousands of people who are now using it. Then Mrs. Woods continued and said:

"My health had been bad ever since I had the 'flu.' I was so nervous that I couldn't sleep at night and I would often lay awake until nearly morning. I ate but little and even then, after meals I would usually suffer a bloated and swollen feeling which caused me to be short of breath. My kidneys didn't act right either, and I was forced to take laxatives all the time.

"I came to Springfield, upon the recommendation of my doctor, that I find a warmer climate, and it was here I was advised to try Trutona. I am so much better now, and I can conscientiously say that Trutona is the best tonic I know of. I'm not nearly so nervous and I sleep as soundly as a log now. And my appetite—well, I just can't get enough to eat. Trutona's regulated my bowels and banished the former tired, sluggish feeling. In fact, I feel like a different person today. That's why I say Trutona's the finest medicine on the market."

Trutona's healthful action reaches every portion of the body and efficiently. Trutona rebuilds and performs its work faithfully diseased nerves and tissues, creates a healthful appetite and assists in the assimilation and digestion of the food.

SITUATION IS ACUTE IN IRELAND

Hunger Strikers Precipitated Present Condition—Authorities Prepared to Enforce Law and Order.

London, Aug. 26. — The Evening Standard's Dublin correspondent says:

"Divisions of opinion between the Irish executive and the cabinet have reached an acute stage culminating in Sir Hamer Greenwood's visit to Premier Lloyd George at Lucerne. The Viceroy's position as well as that of the responsible members of the executive is in the balance and it is stated here the next few days will bring definite announcement of a more ameliorative policy in Ireland, or resignations that must wholly alter the personnel of the Irish administration.

"The fact is MacSweeney and other hunger strikers have been more or less the cause of precipitating the present crisis.

"Viscount French and his counsellors frankly oppose the policy of drastic repression, and, while prepared to enforce law and order, they hold that conciliatory measures should immediately be given a more particular form than hitherto. While Sir Hamer Greenwood sympathizes with this view and is prepared to support it, he feels that his share in the Irish administration must necessarily take its direction from the cabinet."

HUNGER STRIKERS TRANSPORTED TO HOSPITAL

Dublin, Aug. 26.—Announcement was made at Dublin Castle tonight that 11 hunger strikers in the Cork jail had been transferred to the prison hospital. The announcement said that no prison regulations were to be allowed to stand in the way of any possible palliative treatment.

A creamery at Knocklong, County Limerick, was burned. A creamery at Shongelden was set on fire but saved.

WOMEN SERVE ON JURY IN EVICTION CASE

Akron, Ohio., Aug. 26.—State history was made in the little drab municipal court room of Judge A. F. O'Neil late yesterday when a jury of 12 women, returned a verdict for the defendant in an evicition case.

It is the first time a woman jury has ever passed on a legal case in Ohio.

The decision of the jury saved a newly wedded couple from being evicted from their home.

IS THE HAPPIEST WOMAN IN THE WORLD

Could be Up Only a Few Hours a Day Before Taking Tanlac—Health is Splendid Now.

"Before I began taking Tanlac I believe I was about the most miserable woman in the world, but now I think I am the happiest," said Mrs. Anna E. White, 523 South Water St., Decatur, Ill.

"For twelve years I had suffered from a bad case of stomach trouble," said Mrs. White. "My appetite had left me entirely and when I did manage to eat a little something I was in perfect agony for hours afterwards with such terrible cramps they almost drove me double. I suffered from nausea and there was nearly always a heavy feeling in the pit of my stomach. I had awful headaches, often became dizzy and my kidneys worried me a great deal. I had burning pains thru the small of my back, and my nerves were so badly upset I could never get a good night's sleep. I was only able to be up a few hours each day, and could not do any of my housework at all.

"One day a friend urged me to try Tanlac, so I took her advice, and before I had finished my first bottle I was feeling much better, and today I can truthfully say all my troubles are gone and have actually gained twenty pounds in weight besides."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town. —Adv.

FAMOUS DRY WORKER HEARD AT CHAUTAUQUA

"PUSSYFOOT" JOHNSON ADDRESSED BIG AFTERNOON AUDIENCE.

Beaumanoir Band a Splendid Musical Organization — Will Have Part in Today's Great Program.

Thursday was one of the big days at the chautauqua. The attendance was large and the program strong. The Beaumanoir band gave a splendid concert program in the afternoon and won equal favor on the night program. Naturally a great deal of interest attached to "Pussyfoot" Johnson's address in the afternoon, because of the prominence of this Prohibition worker both here and in England. The audience found him an excellent speaker, thoroly in earnest about the great work in which he is engaged.

Miss Margaret J. Penick's program as impersonator and reader was greatly enjoyed. Today the Beaumanoir band will give three concert programs, at 11, 2:30 and 7 o'clock. The afternoon and evening lectures will be by Strickland W. Gillilan, a humorist of wide renown.

It is to be farm bureau day and members of the association are expected to attend in large numbers.

"Pussyfoot" Johnson Speaks

"Pussyfoot" Johnson was the speaker of the afternoon and he discussed various phases of the prohibition movement, especially in the countries across the seas. His words were heard with deepest interest and when the speaker had finished his talk every one of his auditors had a new conception of that great dry wave which is sweeping over the world. A brief outline of the address follows:

"I have been widely advertised as the one-eyed man. It is true that a mob in London broke up one of my meetings and in the end punched one of my eyes out. This happening has caused much concern to my friends and some to myself, but I would not exchange the friendships that have grown up about my experiences in England for a whole bushel basketfull of eyes.

Mob Accomplished Something

"Those fellows on the other side who stirred up that mob did not accomplish what they intended, but they did accomplish something. They gave the movement the greatest impetus it has had in a quarter of a century. You have all heard the story of the man with the withered hand. Jesus met him in the temple one day and made him whole. Instead of taking advantage of that man's infirmity he helped him. We had taken care of every class of infirm except one. We selected this man with the withered appetite, over which he had no control, and we licensed men to take advantage of his infirmity by selling him poisoned drink. But we quit that, thank God, and we ran up into the sky the 18th amendment to the constitution. When we took this stand we not only did something for America but we started something in nearly every corner of the world.

"People across the seas long to be free from this thing and they have appealed to this country for aid in breaking the shackles. It was in response to this appeal that the Anti-Saloon League two years ago sent me and my associates to other countries of the world. The liquor interests spread propaganda in these countries, telling of the alleged failure of prohibition in America, but we have been able to counteract the influence of this work of the enemy and the end of the liquor traffic in many of these countries is practically in sight."

Much Depends on America

Here the speaker quoted prominent Englishmen as declaring that if America makes good with the prohibition law the whole world will follow in her footsteps, but if America fails all will be lost. Continuing, Mr. Johnson said: "I told them that America never did fail in anything that she undertook and that she would not fail in this. I want you to make good that promise, but if you elect a wet congress and a wet state legislature you will fail.

"For sixty years Scotland hammered at the doors of British parliament for the right to vote on the liquor question. This year she will have that right and they will vote the business out of a large part of that country.

Ireland's Troubles Near End

"I am going to say something about Ireland, even if it is a dangerous thing to do. I have friends in both the north and south of Ireland and I am as nearly neutral as anyone. I am convinced that the troubles of Ireland are nearing an end. Now a convention is being held in Dublin made up of leaders of Irish thought. I believe they will be able to agree upon some form of home rule for the Irish people.

At the last general election the north of Ireland elected 26 members to the house of parliament and 23 of them were dry. In the south of Ireland the situation is not much different, and this gives you an idea of the strength of the dry movement in Ireland.

Fight is on in Many Lands

"I would like to tell you the story of the fight in India, in Australia, Denmark and New Zealand but time forbids. In France they are making a strong fight against distilled spirits. In all these countries the anti-saloon movement is being crystallized and the day is not far distant when victory will be won.

"What are we in this world for? To live the life of a wolf or to play the part of a brother? We bring nothing into the world and we take nothing away with us, not even our reputations. The problem that confronts you and I is how to occupy ourselves with this thing we call life.

Beginning of a New Day

"It is strange to relate but it is true that I can see some things better with my glass eye than with my natural eye. I see more clearly my duty to my Master and to my fellow man. I see more clearly the responsibility to humanity. I can see the beginning of a new day. I can see the time when the father will no longer lie awake at night worrying about the drink business getting his son. I can see the time when the toiler anywhere in the world will no longer be compelled to live in a dirty slum. I can see the time when every little soul born into the world will have an even chance for a decent life. This may sound like a dream to you, but it is a dream that can and will be fulfilled, if men and women will listen to their Master's call and put their hands to the plow. Isn't it worth any sacrifice to help bring this to pass? To help do away with that greater menace to civilization than Prussian autocracy—the liquor evil?"

The Morning Program.

There was a good feeling on the grounds yesterday morning when it was announced that the street cars would start at 11 o'clock. The usual morning program was carried out. Mrs. Houston talked to the ladies about breakfast dishes and the Beaumanoir Band gave a fine concert.

The boys and girls were in unusually large numbers tho a detachment was kept away thru lack of street car facilities. Mr. Collins had his hands full and was assisted by Franklin Scott, Hugh Wilson and Miss Martha Gibbs. Afetr the regular morning drill which was much enjoyed the young people resolved themselves into base ball nines and had a fine time. It is worth while to see how some of those girls handle the ball.

Notes.

James McAllister of Woodson came on the grounds for the first time yesterday.

Several owners of automobiles played the part of Good Samaritans yesterday and were a material aid.

The Mound Woman's club has quarters now as indicated by a large banner displayed beside their tent.

Frank Rolfe made a visit to No. 87 yesterday.

There is no sprinkling on Hardin avenue causing lots of dust. The travelers on that street would be glad to see the South Jacksonville people scatter a little water along the highway.

Mr. and Mrs. Charles McDonald of No. 50 went to the capital city yesterday.

Miss Leola Spencer expected to go to Springfield today.

Mrs. Rachel Peters of Markham made a welcome visit to the Wilbur Williams tent yesterday.

Mrs. Arch McKinney of the Point visited the Fred Scholfield tent Wednesday.

Mrs. J. B. Jordan was a visitor Wednesday at Do Drop In.

Mr. and Mrs. Edward Trabue of Greenfield and Miss Clara Richardson of the north part of the cvounty visited at the R. K. D. A., tent occupied by Howard Dinwiddie and family Wednesday.

Miss Mabel Gerhold of Kewanee is a guest of Mr. and Mrs. William Gilbert of Chapin who are tenters.

Mrs. Ray Hartman is an experienced camper and can probably say what no one else can say, that she has camped among the Indians and cowboys of Arizona along the grand canyon which she has visited and which she too has descended. The party was lost in the depths of the great chasm and had to stay all night among the rocks. A tremendous rain fell during the night and the party were well soaked, but sunshine soon dried them and they felt no harm from the experience.

Mrs. T. J. Newcome has returned to Peoria after a pleasant visit at the Watson-Megginson ten.

Mrs. Maude Rimbey of Murrayville visited the Hayes and Cade tent Wednesday.

Master Billy Gene Underbrink of Literberry is enjoying the hospitality of No. 86 all right.

Mrs. David Taylor added to the larder of the Cratz tent No. 85, some delicious cake which in addition to the angel food of the day before made a rich bill of fare. The Journal reporter can testify to the excellence of both.

Miss Alma and Inez Winter of Woodson vicinity were entertained Wednesday at the Coultas tent No. 76.

A lady in No. 89 found a pocket book with some money in it and a hair pin which would indicate a lady owner. The latter can get the property by calling on the finder.

Messrs. Ralph and Lawrence Gillham of Winchester enjoyed a visit at No. 89 Wednesday.

Dr. and Mrs. G. A. Hulett of Springfield enjoyed the chautauqua while the guests of Mrs. Scott and the Misses Hulett at the Oaks, north of the city.

Dr. Nevill of Meredosia was able to visit the grounds with his esteemed friends, Mr. and Mrs. L. F. Berger. He has been ill for a long time and enjoys being about again.

Miss Louise Baker of Petersburg was a guest at the Thompson tent.

Misses Ivorie and Janita Coultas were guests at No. 76 recently.

Dr. Josephine Trabue of Pittsburg, Kansas, is a visitor at the R. K. D. A. Inn with Howard Dinwiddie and family.

Mr. and Mrs. William Scholfield of Elm Grove were guests of Mr. and Mrs. F. W. Scholfield Wednesday.

Charles Thompson of the north part of the county visited No. 67 Wednesday.

Louis Bakers of Petersburg was a visitor at the Thompson tent recently.

Mr. and Mrs. Thomas Montgomery of Hersman, while visiting Mrs. Montgomery's sisters, Mrs. Scott and the Misses Hulett at the Oaks, took in the chautauqua.

Mrs. Louella Henry and children of Woodson enjoyed the state fair Wednesday.

Mrs. J. R. Black of Shiloh was a visitor at No. 86 recently.

Edward Carpenter and daughter of White Hall were arrivals on the grounds recently.

George R. Fox and Miss Edith Fox visited away from the grounds Wednesday.

Ormind Farmer was a guest at the Out'n Inn with the Dodsworth-Hunter company reecntly.

Austin King of Murrayville took breakfast at the Sayes and Cade tent yesterday morning and had such a good time he missed his train.

E. R. Hembrough and Harriet enjoyed a trip to Springfield recently.

Clyde Hembrough and family came up from Greenfield to enjoy the Chautauqua a few days.

The Boro-Sho-Co hut has a variety of pennants such as Illinois College, Jacksonville High School, Illinois Woman's College, Willistion and the like.

Somer'R Inn is a new name caling for attention.

Mrs. Emma Smith of the Mound Road, with her daughters, Misses Laura and Eloise, have ended a camping expedition by the river and are now with Mr. and Mrs. Vincent Riley.

Miss Laura Smith is wetk yet from a peculiar experience. While at the river bathing a cockle burr caught to her clothing and by some means she tried to remove it with her teeth and just at that minute she made a movement which caused the burr to go down her throat. She was taken to Chicago where the offending substance was removed by a surgeon and the operation was so unusual that it was witnessed by a large number of doctors.

Mrs. Albert Crum is taking in the chautauqua and enjoying the hospitality of Do Drop Inn.

Wilmuth Criswell of Waverly was a caller at Some'r Inn yesterday.

Mrs. H. D. Crum of Literberry was a caller at No. 86 yesterday.

Mrs. Walker Henderson is Hurryumin ll 3sdd6 mi visiting Mrs. Cully at No. 10.

Hurrumin is another candidate for favor in the list of names.

Mrs. W. R. Shears has returned to Macomb after enjoying the hospitality of Mr. and Mrs. Harry Wright.

Two formidable names are attached to probably the smallest

Yesterday at the store of Andre & Andre the writer met a very pleasant gentelman, James Kenealy, representing the Simmons Co. manufactures of beds. They have nine factories and the combined out put is from 20,000 to 25,000 daily. They have agents all over a large part of the world and a capital of a hundred million. During the world war they sold the government three million cots. In one week they shipped 195 cars of goods.

Dr. Kenealey says the outlook for trade is heasonably good. He enoyed a game of golf at Nichols park while in the city.

CONFERENCE PLANS HAVE BEEN COMPLETED

Methodists Will Convene at Decatur—Year's Work Reviewed —Gossip About Appointments.

(By C. R. Morrison)

The Illinois conference of the Methodist Episcopal church is nearing its centennial. The 97th annual session will convene at Decatur Wednesday, Sept. 8th, Bishop Nicholson of the Chicago area, presiding.

Decatur has been the host to this body of Christian men five times and this coming session will be its sixth opportunity to greet the same body in its week's session.

In 1857 when it was but 34 years old, Bishop Levi Scott, presiding, the Decatur folks bade the Methodist host hearty welcome. So too in 1865, Bishop Jones, presiding. In 1872, Bishop Thomas Bowman, president, the 49th session convened at Decatur. At Stapp's Chapel in 1887, with Bishop Cyrus D. Foss in the chair, was held the 64th annual session.

Then in the beautiful first church, with Bishop McDowell presiding, with an interval of 25 years, the 89th session was held Sept., 1812.

Bloomington has had the conference 7 times, Springfield 9 times, while Jacksonville has acted as host 12 times. If, as announced, Jacksonville invites the conference to hold its 98th session in 1921, celebrating one hundred years of local Methodist history, that session will be the 13th. It is a propitious number. Two places are desirous of the centenary session in 1823, Bloomington and Urbana (Trinity). By that time it is hoped to have completed the new church with a seating capacity of 2000. If held the week before the university opens accommodations may easily be secured for the conference membership.

Union of the Two Conferences

This leads up to another question, which is before the conference concerning the union of Illinois with the Central Illinois conference. For this union an almost unanimous vote was given at Charleston last year. Since that time a vote through a questionnaire has been taken, and a fear that soutnern Illinois would succeed in securing a large slice off of the southern edge of this conference, depriving Illinois conference of such cities as Paris, Charleston, Mattoon, Shelbyville, Marshall and other vigorous charges, that the vote was reversed and stood 4 to 1 against any disturbances of boundary lines. But the general conference passed a law last May at Des Moines that left the matter of adjustment entirely with the individual sections, and its local membership, so that fear has been removed. However, no further action, immediately, is contemplated.

This, however, may be done, as suggested by the district superintendents of both Central and Illinois, held at Peoria last June, together with the members of the educational committee of each conference, to-wit: Each conference appoint a commission of 21 members to study and report upon the question of hospitals, children's homes, colleges and superannuate funds, etc., of each conference, with a view of placing before the conference the facts in regard to the advisability of simplifying and yet making more effective all those agencies by the two conferences. The centenary session of Illinois conference, in view of this movement may go to Bloomington.

The Year's Work

The continuation service of the centenary, which was celebrated in 1919, and resulted in a pledged subscription of $115,000,000 for Home and Foreign Missions and war relief, was of an evangelistic character.

Bishop Blake now in Paris, his Episcopal residence, has made public his studies of the statistics of Methodism which showed that nine times Methodism suffered a decline in membership. The years were, all but one, years following war, 1778 (after the Revolutionary war); 1814, the second war with Great Britain; 1847, after the Mexican war; 1861-2-3, during the Civil war; 1881 (no war); 1899, the Cuban war, and 1919, the World War.

To maintain the high level, secured by the Centenary in material gifts, a campaign of a spiritual nature was undertaken. Illinois conference has reported an average of 1000 accessions to the church, per district, during the year now closing, besides avercoming the losses occasioned by death and removals (which annually exceeds 1000). It would not be surprising if the total would reach 8,000. This task has not been an easy one. The "Restless Age" is upon us. It has affected all departments of the world's work — not sparing the church.

The Retired Minister and the Colleges

Two questions will receive consideration at the approaching session of Illinois conference of utmost importance to the beginning work of the church, and of the closing years of the most effective agencies, namely: The colleges and the retired ministers.

That each will receive due consideration has already been assured in the meetings held during the year, by those in leadership. In February a joint session of the commission on conference claimants campaign for endowment funds, the conference board of trustees, the board of stewards and the board of control of the Preachers' Aid society, met at Springfield and considered the matter of the paramount claim of the retired minister.

After careful consideration of all resources, as well as claims, the proposition to pay $20 per year for each year of service up to 35 years was agreed upon. In order to do this, funds that have been accumulating for four years past and are on interest, are to be released and the interest used for annual disbursement. Added to this a 10 per cent amount of the salary of the preacher in each charge is to be asked instead of the usual 6 per cent of recent years. Other features of the report will make it possible for the Illinois conference to measure up to 25 other conferences in Methodism to meet in full measure the claims of the retired minister or his widow, or orphan children.

The agitation concerning Illinois Wesleyan University and its removal is gradually settling itself. In view of the action of Bloomington to respond to the needs of he institution, the readjustment of the execuive committee of the board of trustees, with the election of Dr. W. J. Davidson as chairman, and the declination of the trustees to accept the offer of Springfield to remove to that city, together with the decision to remain on the present site, enlarging the same, altogether leaves the matter where it was, before the matter of removal was agitated. To further annoy the authorities of the college by withholding support and sympathy is like a rejected suitor of the fair hand of a would-be loved one, continuing to make faces at and say unkind things concerning the aforesaid fair one. It is a closed incident.

Appointments

As usual the expectation of few changes in pulpit supply is followed by the report of those who have canvassed the affair — is that, this presidential year, many preachers will lose a vote on account of removal. Last year out of 312 appointments there were 165 changes. Then when it is considered that only 84 persevered to the second year, there were only 62 who made up the rest of the conference(or the supplies) for a longer than the second year. One, Dr. J. C. Baker at Trinity church, Urbana, is finishing his 13th year.

To begin with, the general conference removed the time limit on district superintendents. This sets the conference guessing whether Dr. B. F. Shipp of Bloomington district, who has finished six years on that district, will be re-appointed or some one else named for the places. There is a strong sentiment in the conference against the long continuance of such administrator, inaugurated by Peter Cartwright and followed by Peter Akers, Hiram Buck and W. S. Prentice, whose years of service were from 26 to 50.

The wise ones of the guessing contest have given out some such things as these. A. R. Byrns of First Church, Bloomington, to be district superintendent; F. A. McCarty of Quincy, to the First Church, Bloomington, and B. F. Shipp to Quincy. Others say, "No, Paris was very loath to give up Dr. Shipp six years ago to take the Bloomington district, and would gladly receive him as pastor again—and Dr. A. S. Chapman is just the man for Decatur district, though there are others equally well qualified.

Dr. English, an announced, goes by transfer to Oak Park, Chicago. Who will go to Quincy then, if not Shipp or Chapman? There is talk of E. G. Sandmeyer of Charleston, whoe wife was a former Quincy girl, and also talk of Presley Carson of Springfield, either Charleston or Quincy. When these six or seven men get on the "move" it will likely stir others to join in the scramble and it will be interesting to watch the conference checker board — before and after.

Deaths in the Conference

Four men in active service have dieu this conference year. Rev. N. M. Rigg of Virginia; Rev. Mark White, of Henning; Rev. A. E. Poppin of Roodhouse, and Rev. J. H. Pence of Camargo.

Besides these, Dr. W. H. Wilder of the faculty of Illinois Wesleyan has passed away; and four retired ministers have died, namely: Rev. Anderson Orr of Greenfield; J. W. Eckman of Decatur; Jos. Coombs of Arcola and D. H. Trimble formerly of Champaign.

There will also be several retirements from active service. Rev. W. F. Gilmore of Bath completes 50 years of active service without the loss of a month's service on account of illness; Rev. J. E. Arty of Bondville, whose successful pastoral service of 40 years ends this year, has already moved to Onargo, Ill., where he has entered into business, formerly conducted by his brother-in-law, a retired Congregational minister, and Rev. S. C. McCollom of New Holland, whose ill health has compelled retirement, and who will take up his residence in Jacksonville. The question concerning retirement was acted upon at the last general conference and the law now is that after a minister has preached 40 years, or has reached the age of 65 he may retire, and be pensioned by the conference. Earlier retirement on account of health may be voted by the conference, on recommendation of the committee on conference relations.

The program for the conference is an interesting one, and includes the re-assembling of the lay-electoral conference to vote on the amended amendment to the constitution of the church on admission of laymen to the annual conference.

BEREA CHICKEN FRY IS BIG EVENT

Hundreds Patronize Sixteenth Annaul Fry Given by This Church — Good Management Shown.

The people of Berea church gave their sixteenth annual chicken fry Thursday night. To say it was well ordered and successful as the preceding ones in the series is enough. Some years ago when a chicken fry was in progress the tent blew down, causing both damage and consternation. Before the next year rolled around the people of the churc had erected a spacious tabernacle to provide a dry, safe plae for all the social events that are in the church calendar. Occasionally this building is used also for special religious services

Preparations had been made for 500 people and the serving began at 5 o'clock and continued until nearly midnight. The system followed by the Berea people avoids confusion and insures splendid service.

The menu included at least a dozen things in addition to a liberal serving of chicken. It was altogether a successful event.

W. W. Robertson is chairman of the general committee or arrangements, with C. W. Swain and Harrison Robinson as assistant. L. J. Stewart and his son, Jack Stewart, had the difficult task of frying all the chickens. The duties of others are indicated as follows:

Tickets—H. W. Beilschmidt, Clyde Martin.

Tables—Misses Helen and Nellie Swain, Misses Inez and Olive Beilschmidt, Mrs. Harry Foster, Miss Killough, Mr. and Mrs. John Baker, Mr. and Mrs. George Lewis.

Potatoes—Mrs. W. W. Robertson, Mrs. J. R. Keltner, Mrs. C. W. Swain.

Gravy—Mrs. Jeff Stockton.

Coffe—Mrs. Henry Means.

Chicken servers—Mrs. John Thomas, James Lewis, Rev. William Icenogle.

Kitchen—Mrs. Harrison Robinson, Mrs. John Henderson, Mrs. Herman Beilschmidt, Mrs. Minnie Swain, Mrs. L. J. Stewart.

Cake—Mrs. Henry Isaacs, Mrs. D. N. Harris.

Supply tables—Miss Irene Robinson, Mrs. Robert Stewart, Mrs. Clyde Martin, Miss Helen Swain. Candy stand—Frank Dewee, Otis Keltner.

In addition there were a dozen or more persons serving as waiters or general assistants and in fact all of the good people of Berea united to make the event a success.

Boys Buster Brown stockings are the guaranteed kind. 50c at Tomlinson's.

TO VISIT SPRINGFIELD.

Mrs. W. W. Young and son and daughter, Eugene and Aileen, of Literberry left Thursday for a visit of several days with Mrs. Young's sister, Mrs. J. C. Norman, Springfield.

Mr. and Mrs. Jas. Hutches and daughter, Edna are camping on the Chautauqua grounds in Jacksonville this week.

Miss Georgia Rigor, Merritt; Vern McDaniel, Mt. Sterling; Roscoe Collins, wife and son from near Chicago and Alfred Osbrne and family from Bardstown spent Sunday at the home of Elmer Bonds.

Mr. and Mrs. Herbert Ballard and children of Chambersburg arrived Monday evening for a visit with Mrs. Ballard's parents, Mr. and Mrs. Lee Robbins.

Monday morning as Lee Robbins was walking down the railroad track west of Morgan he found a broken rail, a piece of which was out of line with the track. He loked back and saw a freight train coming down at a rapid speed which he flagged, saving a bad wreck for the engineer stated he would have been going some by the time he reached the broken rail.

Morgan was well represented at the home coming in Meredosia last week. Among those from here Friday were: Mr. and Mrs. Henry Depner, Fred Middendrf, wife and daughter, John Anderson and family, Clyde Williams and family, 'Dan Smith, wife and son, Mrs. Kate Sweetart, Harold Nergenah, Mr. and Mrs. Irvin Coulson and daughter, Mr. and Mrs. Dick Vannier, Mr. and Mrs. Albert Vannier, John Drake and family.

Mr. and Mrs. Lee Robbins and family attended the home coming Thursday.

Y. M. C. A. NOTES

At fifty George W. Perkins was not satisfied. He had won a fortune and climbed to the highest rounds of the business ladder. He turned from the house of Morgan and the New York Life and retired to devote his life to the service of his fellow men. He might have chosen ease—he chose labor. The Association was one of his choices. He headed the $4,000,000 drive for the Young Men's and Women's Associations in New York. He threw himself into the finance committee of the National War Work Council in raising $200,000,000. To this and to its executive committee he gave days and nights—months on end. Stung and baffled by criticism he went to France to assure personally the integrity of the war work management, of which he brot home glowing reports. From the exposure endured there in his zeal for the efficiency of the service in the soldiers' welfare he induced conditions that caused his death.

Mr. Perkins was bred in the Association faith. His father organized the second associat in the states in 1852 at Buffalo and at the Jubilee in 1902 the son gave Perkins Memoria hall to the Buffalo association in his father's memory. At the White House meeting when Mr. Mott asked for $2,000,000 for foreign extension Mr. Perkins said: 'Why not ask for more?—Let us get it." He quickly made his personal pledge and joined in the enterprise. Here was a man who was not content to retire to slippered ease. His vast resources and abilities in personal and financial leadership were devoted to humanity with unstinted liberality. His thought was for the man.

The records of the Federal Board for vocational education show 209,000 disabled ex-soldiers of the World War available for training. After nineteen months only 24,000 had been trained and 217 put into gainful employment.

The Financial Service Bureau staff is setting up fall campaigns. Hearon has lately helped Alton, Ill., to raise $25,000 for debt, Schmidt is driving the Canton canvass to a finish, and Covkendale handles debt campaigns at Gloucester and Bristol, R. I., in August.

BOLSHEVIKI CALLED ENEMIES OF DEMOCRACY

Sir Auckland Geddes Delivers An Address Before American Bar Association Convention in St. Louis — Defines Idea of Government.

St. Louis, Mo., Aug. 25.—The Bolsheviki were pictured as enemies of democracy, of Lincoln's ideal of government of the people, by the people, in an address by Sir Auckland Geddes, delivered before the American Bar Association's annual convention here today. The British ambassador declared that the bolsheviki were the real reactionaries endeavoring to establish a privileged class called the proletariat, to force on society a great idea, regardless of whether society wanted it.

Sir Auckland declared that Great Britain and the United States "are co-trustees for humanity that the theory and practice of Democracy shall not suffer distortion or dimunition in spite of avalanches of assault loosed upon it by its enemies." He said that democracy should be protected from the attacks by "all who desire to benefit humanity through some great idea of incalculable good, by all who as individuals seek for themselves privileges over their fellows and deny the equality of men before law."

Sir Auckland defined the idea of government that constitutes the precious heritage for which the two nations are co-trustees as being: "First, that the revelation of the divine will is made to man through the understanding of all men; second, that this can be expressed in laws made by the people for the government of executive officers whom they appoint as well as for the maintenance of national discipline among themselves."

Sir Auckland said that Lincoln epitomized the best form of government the human race had been able to devise as "by the people, for the people," but, he added, "I wonder how many realize what a tremendous revolution this relatively new idea is producing in all human relationships, or even how new the idea itself is and how little it has been tested. Only a trifling minority of the peoples of the world understand it. I donbt if even in Europe there is a majority which supports it, certainly there is not a majority which understands it. I would like to be convinced that there was a majority really understandingly in favor of it in the British Isles.

"If the idea is to continue without a serious setback, we people who believe in it will have to stand firmly together for there are powerful forces opposed to it. So far as we know, the millions of Asia have opposed the idea throughout all their history, although a small number of Asiatics are now loud in its support. The bolsheviki are naturally violently opposed to it. So too is everyone who has what he regards as a big idea or great principle of incalculable good which he or she wishes to force upon the people whether they wish it or not.

"Theocracy and autocracy, forceful application of the big idea, inevitably lead to inequality before the law and so to tyranny, revolution and chaos or to decadence, conquest and chaos. That way lies no hope. Let the bolsheviki and their supporters in all lands prate as they will of reactionaries and imperialists. They themselves are the reactionaries. Their admitted doctrine is to establish a privileged class which they call the proletariat but they mean by that term a select body of their own supporters. Their whole creed is to force on society a great idea which has been received by them and to them alone; and, like it or dislike it, society is to swallow it whole — and that is nothing but pure theocracy.

"We have to maintain the heritage of freedom against assault from within and without, the priceless heritage of a great idea now in danger from its popularity. Even its enemies try to conceal their actions behind its phrases.

"Whatever difficulties might arise between our nations, I believe nothing is more important than this, that you and we stand together to defend the hard won hope of mankind that thru law made by the people for their own disciplining, man will at last escape from the toils that have snared the feet of his ancestors and will have taken a great stride toward solution of the problem how he shall live in communities in peace and ordered freedom."

TRYING TO ABOLISH HIS OWN OFFICE

Mexico City. — Celestino Gasca, former shoemaker, now governor of the federal district which comprises Mexico City, is trying to abolish his own office.

Senor Gasca contends that his work is not necessary, since there is a city council in existence well able to handle the municipal affairs of the capital.

Pointing out the frequent conflicts of authority resulting from the present dual system of administering the affairs of the capital, Governor Gasca said:

"I am planning to submit to the president of the republic a legal project for the abolition of the federal district government. I believe it to be superfluous."

When the news of Governor Gasca's plan spread to the employes of the federal district, dismay is reported to have ensued. It is pointed out, however, that most of these employes can be retained under the city council system.

DECATUR TEAM TO PLAY HERE SUNDAY

Leader Club Will Play Indees—John Wright Will Work for Locals—Pekin Rainbows Sept. 5 and 6.

Manager Frank Smith announced yesterday that the Leader Club of Decatur would play the Indees at South Side park the coming Sunday.

The visitors come highly recommended and should give the locals a hard game. Smith announced that John Wright of Murrayville, would be on the mound for the locals. Wright has been working out all summer and had a lot of stuff last Sunday. If he has as much next Sunday Decatur will have some trouble. Riggs and Hamm will be in reserve.

The Pekin Rainbows come for two games with the Indees Sunday, September 5, and Monday, September 6, Labor Day. The Rainbows beat the Indees three games in July and the locals hope to get revenge for those defeats.

When Pekin was here before Clark, Denny and Wheeler had just started to play. All of them are going good now and it will be a different team that faces Claude this time.

Smith announced that Patrick would pitch the game for the Indees. The way Pat has been going if he is right he should make the Rainbows step to beat him. Scott will play right field for the Indees the remainder of the season.

Has the Small Car Owner A Right to Good Tires

THIS much is certain—that the small car owners of this country have as *high quality standards* as any other class of motorists. Whenever you want to see this proven out, you have only to watch how they come to good tires, when they are given an opportunity to *get at them.*

What some dealers seem to overlook are the reasons which have led most of the small car owners to buy their cars.

In building tires for the small car, the United States Rubber Company exercises as much *care,* as much *thought,* as much *supervision,* as if they were intended to go on the most expensive cars in the country.

Devoting an *entire factory* to their manufacture. Putting the *whole weight of its varied experience* behind them.

Never *cheapening their quality* on the mistaken theory that a man's intelligence can be judged by the length of his car's wheel base.

o o o

Good dealers will tell you that they can never get enough U. S. 30x3½-inch Tires.

A hint which the small car owner who is bent on quality *will always heed in time.*

The superiority of Nu-Bone Corsets is due to their distinct difference from all others—features they have which no other corsets can have. This difference is due to The Patented Nu-Bone Stay which is the only woven wire stay in existence. The machines that weave the three or five strands of finest piano wire into the Nu-Bone Stay are patented, owned and operated by the Nu-Bone Corset Company only. The Stays are used only in Nu-Bone Corsetes. Nu-Bone Corsets are made-to-measure —also kept in stock. Call, write or phone without obligation on your part for information or appointment. Daily Market Report

EXPORT DEMAND FOR WHEAT SLOW

CHICAGO, Aug. 26. — All grains were affected by the early strength in wheat today but the prices were not maintained, a reaction carrying prices toward lower levels. At the finish, wheat was unchanged to 1 1-2 cents lower with December $2.33¼ to $2.33 1-2, and March $2.28; corn showed a net loss of ¼c to 1 3-8 cents and oats were off 1-8 cent to 1-2 cent. Provisions, however, ruled strong at a 12 1-2 cent to 50 cent advance.

Strength was shown early in wheat ,but the decline in other grains served to temper bullish sentiment. Weakness at Minneapolis also had some effect here. Export demand was slow and bids from abroad somewhat lower.

There was free selling of corn on all bulges but it was impossible to get high prices for futures. After a weak start, the market rallied but again weakened quickly and closed near the lowest level of the day.

Country offerings were somewhat larger but the car situation tended to prevent sales to arrive, while crop news was given little attention.

CALL MONEY ON MARKET GOES UP

NEW YORK, Aug. 26. — The course of today's stock market was again visibly influenced by firmer money tendencies and other developments which intended to confirm persistent reports affecting the status of several important branches of industry.

Impending withdrawal of some $13,000,000 from the federal reserve bank for government bond deposits left the market bare of time money. Call loans, after opening at the recent fixed rate of seven per cent rose to nine per cent just before the close.

Rumors that the federal reserve board contemplates early downward revision of interest and rediscount rates seemed to have little basis. The day was not without its constructive or helpful features, however, foreign exchange excepting the rate to Buenos Aires making further recovery from its recent depression while railroad shares were again in process of accumulation.

Inauguration of the new railroad tariffs doubtless accounted in the main for the further absorption of transportation shares but the larger earnings which naturally are expected to accompany the movement of crops and heavy coal exports were not ignored.

Railroad equipments, steels and oils constituted the other firm to strong stocks, but motors, shippings and miscellaneous lagged. Sales 435,000 shares.

Railroad bonds reflected the strength of kindred stocks, convertible issues of the western and southwestern groups gaining one to three points. Liberty issues, especially the third and fourth 4s and victory notes were distinctly heavy. Total sales, par value, aggregated $9,875,000.

When a Body is Ailing

Whenever there is a disease or suffering in some part of the body, Chiropractic has demonstrated that it is due to the pressure of spinal bones on the nerves that should feed those affected organs. Invariably when this pressure is relieved by Chiropractic Adjustments, the trouble vanishes and healthy conditions are restored.

That is why, if you go to a Chiropractor to be relieved of severe headaches or other troubles, he adjusts that part of the spine where certain nerves are pressed (or squeezed by the movable bones of the spine.) He adjusts the bones back to normal position, thus removing the pressure. Nature's healing forces are set free to build up and strengthen the weakened or diseased parts.

Experience has shown that there is hardly a case of disease or ailment that has not been benefited by Chiropractic Adjustments of the spine. The Chiropractor knows just what part of the spine to adjust for the different troubles. It's all a part of his science and his training.

CHIROPRACTIC
THE BETTER WAY TO HEALTH

is never followed by adverse results. Certainly it has never done anyone any harm, but it has done thousands an immeasurable amount of good. If you are ailing, no doubt the trouble lies in your spine. Try Chiropractic and prove its merits.

VACATION TRIP TO NATIONAL PARKS

Miss Elizabeth Newman Tells of Weeks of Travel Thru Interesting Region.

A very enjoyable vacation trip by auto was one in which Miss Elizabeth Newman of East State street, was a participant. Miss Newman is now at home, after an absence of ten weeks spent in the north and western part of the grandest and best country on earth. She first visited friends in Duluth, Virginia, and Eveleth on the Iron Range, in northern Minnesota, and in Minot, North Dakota. At the latter place Miss Newman was fortunate in joining a party on a sightseeing trip among the grand parks.

The first objective point was Yellowstone National Park and the route was by way of Bismarck, N. D., Glendive, Forsythe and Billings, Montana, and thrur the noted and picturesque "bad lands" and thru Medora—Roosevelt's town—which is a real "rough riders" town today. Access to the Yellofstone park was made thru what is known as the "body entrance." This entrance takes one thru that gorgeous, but breath holding Shoshone Canyon, and by the new Roosevelt dam, which is a wonderful piece of architectural construction.

Yellowstone park beautiful as imagination could picture it was crowded to the limt, the daly vstors numbering more than ten thousand. The tourists on leaving this park next visited the Glacier National Park, going by way of the Geysers, on Glacier Highway, then to Bozeman, Helena, Great Falls and the Indian Reservation of the fierce old Blackfeet tribe of Indians. The roads thru the Reservation were reminders of the roadways in the streets of Jacksonville, some good, some better, some ——.

Glacier Park, so quiet and restful after the crowded Yellowstone, is even more beautiful than the latter, and is known as the "Switzerland of North America." Here one is right up among the giant snowball mountain caps all the time. The visitors to this park are not nearly as numerous as those who go to Yellowstone.

The return trip to the starting place of the party, Minot, N. D., was made over the "Theodore Roosevelt Highway," via Havre, Mont., and Williston, N. D. This highway is still a rough trial in many places, but it is expected in a short time to have it one of the finest of highways. It is being constructed, so as to connect Portland, Oregon, and Portland, Maine.

This happy party of young folks carried with them a complete camp equipment, tho they occasionally stopped at hotels. At Broadwater Camp near Helena, Mont., they were furnished with hot and cold water from two springs lying side by side, the distance between the springs being not more than three feet. At Billings they had access to the free camping grounds, which were electrically lighted for the benefit of campers. Occasionally camp was pitched in the open, miles away from a ranch house, and once the party was obliged to camp by the roadside, on account of their auto becoming stalled in a broken irrigation ditch.

The Roosevelt highway takes one thru that part of Montana where occasionally forest and prairie fires sweep over vast sections leaving desolation in their paths. The tourists drove for many miles past deserted claims, abandoned shacks and ranch houses. The wheat crop thruout that part of the state visited was in far better condition than it had been during the past five years, and where the hot rays of the sun had burned the ripening wheat, it was claimed that the fallen grain would furnish sufficient seeding for a volunteer crop the following season. Should this prove true the country about the town of Havre will come into its own again, and the town will take on another boom.

The trip over the National Park highway was of far more interest and enjoyment than was the ride on the outgoing trip, as along the route were many booming little towns and community settlements, a land of cowboys and sheepherders, with their droves of cattle and herds of sheep along the way. Here were seen signs of thrift and hustle and the busy out-door life proverbial of the West. Minot, N. D., with a population of 10,000, is a veritable boom town and the slogan of the Commercial Club, the Town Criers, the Rotarians and of all the citizens of the city and the surrounding country is "Why Not, Minot, and with good crops, or no crops all boost for Minot."

How grand and awe inspiring are the wonderful works of nature when spread out before the gaze of those unaccustomed to such sights. This joy ride of three weeks duration, took the riders a journey of 2,660 miles, and they returned to their homes much benefitted in health, and with a vast fund of geographical information regarding a portion of the land they love and in which they live.

DAVIS SWITCH.

Mr. and Mrs. Dick Butler are enjoying a visit from Mrs. Butler's mother, Mrs. Wild, who has but reecntl yarrived from England. Sunday Dr. and Mrs. P. H. Griggs, Mr. and Mrs. Crozier of Jacksonville and Mrs. Jess Butler of Woodson were guests at the Butler home.

"Overalls where I work get about as big a test as you can give an overall."

(Signed) Adam Diehl

"As big a test as you can give an overall"

UP where a man must balance on iron girders, climb swaying beams, where a single false move means a helpless body dropping to the pavement 800 feet below — that's where Adam Diehl works.

"Believe me," says Adam Diehl, "it means a lot when I tell you I put on Blue Buckle OverAlls every time I work on a high building. The overalls I wear have got to fit easy. I can't afford to have them pull or bind—and they've got to stand up strong under the toughest kind of wear.

"Overalls where I work get about as big a test as you can give an overall."

Like millions of workers on big jobs—on farms, in factories, on railroads—everywhere, Adam Diehl has found that of all the overalls he's worn Blue Buckles give the fullest value—last the longest.

Long wear is woven into the tough, thick denim cloth. Every pair is always big and roomy — always comfortable. The wide, double-stitched seams will not rip. The heavy brass buttons and buckles don't rust or break. Every detail has the same sturdy, first-class workmanship, the same careful attention. Big, convenient pockets—extra wide suspenders, and free swing raglan sleeves on all the coats.

Wear, comfort, looks, you'll find Blue Buckles have them all. Ask your dealer for a pair today—Men's, Youths' and Children's sizes.
